

## EUFMC To Welcome A Growing Number Of Attendees

Interest in the 2022 [EUFMC](#) has led to over 100 utility fleet professionals and more than 200 representatives of manufacturers and service providers planning to attend the conference. EUFMC will be held from June 5-8, 2022 at the Williamsburg Lodge and Conference Center in Williamsburg, Virginia.

“The Board of Directors is looking forward to welcoming our regular attendees and newcomers to the 2022 EUFMC in Colonial Williamsburg,” said Jeffrey Schneider, EUFMC President and Manager of Transportation at Louisville Gas & Electric/Kentucky Utilities. “While the global pandemic has prevented us from hosting EUFMC in-person, our attendees will find great value as we return to our annual conference this year.”

***Driving Safety, Sustainability & Technical Expertise*** will be the focus of the educational program at EUFMC 2022. The [General Session](#) will feature presentations by industry experts, manufacturers and fleet executives.

Mary Barra, chair and chief executive officer of General Motors, will discuss electric and autonomous vehicles for fleets operating utility equipment.

Brian Herman, Corporate Safety Director at Tucson Electric Power (TEP), will address *Driving Safety Culture* and provide actionable steps fleet executives can take to influence safety performance.

Topics on the agenda (subject to change) will include:

- Electrification Planning and Fleet Charging Infrastructure
- Sustainability Pressures and Fleet Sustainability Reporting
- Fleet Regulatory Updates
- What Fleet Managers Need To Know About ANSI Updates
- Legal Updates - Impacts of ‘Nuclear Court Verdicts’ On Fleets
- Useful Fleet and Maintenance Metrics
- Telematics Case Studies

- Work Truck Specifications and Replacement Planning
- Maintenance Best Practice Sharing

Roundtable discussions, an EUFMC signature event, provide fleet representatives and suppliers the opportunity to exchange information and discuss mutual challenges, find solutions and develop best practices.

John Foley, former lead solo pilot in the U.S. Navy’s Blue Angels flight demonstration squadron, will be the featured dinner speaker at EUFMC. Foley will appear courtesy of International, and the truck manufacturer will provide all registered fleet attendees with a complimentary copy of his book, *Fearless Success*.

EUFMC also features a Drive-Through utility equipment demonstration and an Equipment Show with more than 60 displays. Traditionally, the conference has been the place for manufacturers to showcase new products and services for fleets operating utility equipment.
