WILLIAMSBURG, VA

CELEBRATING 70 YEARS

Fleet Registration Opens for EUFMC 2023

Planning for the 2023 [EUFMC](#) is well underway and fleet registration for the 70th anniversary conference is opening early this year. For the premier, invitation only event, fleet professionals are now receiving registration information by email. Included is the option to prepay for hotel rooms or make a reservation with a deposit.

With attendance rising nearly 10% annually, EUFMC continues to be a favorite among fleets from across North America. In 2022, another record was set when 157 fleet representatives from companies operating utility equipment, including 70 first-time attendees, were at the event.

The conference also continues to expand its membership to include fleet managers from electric utilities, electrical contractors, utility co-ops, tree care operations, municipalities, and beginning in 2023, telecom fleets.

EUFMC Highlights

- [Driving Safety, Sustainability & Technical Expertise](#), the EUFMC educational program with a focus on finding solutions to fleet management challenges, featuring presentations by fleet executives, manufacturers and industry experts
- Roundtables where fleet representatives and suppliers exchange information and discuss mutual challenges, find solutions and develop best practices
- A Drive-Through utility equipment demonstration and an equipment show that is the site of more than 60 displays
- Special Activities, including tours, golf outings, events for spouses, and more. (Fees for golf are covered for fleet professionals attending the conference.)

The 2023 EUFMC will mark the 70th anniversary of the event's founding. [Our History](#) provides a look at the conference's seven decade tradition of serving utility fleets.

Connect today with [EUFMC on LinkedIn](#) to stay up to date on conference news.

SAVE THE DATE

Electric Utility Fleet Managers Conference: June 4-7, 2023
Williamsburg Lodge and Conference Center, Williamsburg, Virginia
