CELEBRATING 70 YEARS

Fleets Can Still Register Early for EUFMC 2023

Fleet professionals from electric utilities, electrical contractors, utility co-ops, tree care operations, municipalities, and telecoms can register early for the 2023 [EUFMC](#). Registration information has been sent out by email for the invitation only event, including options to prepay for hotel rooms or make a reservation with a deposit.

Plans for the [70th anniversary EUFMC](#) include:

- [Driving Safety, Sustainability & Technical Expertise](#), the EUFMC educational program with a focus on finding solutions to fleet management challenges, featuring presentations by fleet executives, manufacturers and industry experts
- Roundtables where fleet representatives and suppliers exchange information and discuss mutual challenges, find solutions and develop best practices
- A Drive-Through utility equipment demonstration and an equipment show that is the site of more than 60 displays
- Special Activities, including tours, golf outings, events for spouses, and more. (Fees for golf are covered for fleet professionals attending the conference.)

EUFMC fleet attendance continues rising nearly 10% annually. In 2022, a record 157 representatives from companies operating utility equipment, including 70 first-time attendees, were at the conference.

Connect today with [EUFMC on LinkedIn](#) to stay up to date on conference news.
