Fleet Registration Opens for EUFMC 2024

Planning for the 2024 [EUFMC](#) is well underway and fleet registration for the 71st annual conference is now open. For the premier, invitation-only event, fleet professionals are receiving registration information by email. Included is the option to prepay for hotel rooms or make a reservation with a deposit.

EUFMC offers fleets a unique opportunity to connect with peers at companies across North America that operate utility equipment. Fleet attendance at the conference has grown by nearly 10% annually, culminating in 2023 in another year of record attendance that numbered 160 fleet representatives, including over 50 first-time attendees. Also at the conference are representatives from about 100 manufacturers and providers of vehicles, equipment, products and services for utility fleet operations.

The 2024 EUFMC educational program on [Driving Safety, Sustainability & Technical Expertise](#) will feature presentations by fleet executives, manufacturers, and industry experts. On the EUFMC General Session Agenda (subject to change) are the following topics:

- Fleet Safety

- AI Opportunities in Fleet
- Quality Assurance Programs for Fleet
