EUFMC Educational Program Puts Fleet Registrations on a Record Setting Pace

The [EUFMC](#) educational program on [Driving Safety, Sustainability & Technical Expertise](#) continues to attract a growing number of fleet representatives, who are registering for the conference at a record setting rate. In 2023, EUFMC hosted more than 160 fleet representatives, including over 50 first-time attendees. The conference continues to expand its membership to include electric utility, electrical contractor, utility co-op, tree care operation, municipality, and telecom fleets.

On the EUFMC General Session Agenda (subject to change) will be presentations by fleet executives, manufacturers, and industry experts on the following topics:

- Keynote Address: The Heavy-Duty Truck Landscape
- Mutual Assistance: What a host utility fleet manager needs to know.
- AI: What's in store for fleet managers?
- Truck Engines: EPA and CARB changes that will affect your fleet operations.
- Legislative Update
- Fleet Safety: Addressing breakdowns in procedures and driving improvement.
- Serious Injuries and Fatalities Reduction and Other Safety Strategies
- EVs: Lifecycle cost, maintenance, and other considerations.
- EV Charging: Addressing grid and facility challenges.
- Creative Technician Recruiting Practices
- Roundtables -- An EUFMC signature event where fleet representatives and suppliers discuss mutual challenges and find solutions.

EUFMC will also feature a Drive-Through utility equipment demonstration and an equipment show that is the site of more than 60 displays, the second annual Women in Utility Fleet gathering and [Special Activities](#), including tours, golf outings, events for spouses, and more.
