### EUFMC EXPANDS WOMEN IN UTILITY FLEET PROGRAM

*Networking event to include women representatives of manufacturers and suppliers*

[EUFMC](#) will be hosting an expanded program for the conference's third annual Women in Utility Fleet gathering. In 2025, the networking opportunity for women fleet professionals will also include women representatives from manufacturers and suppliers of services for utility fleets. The luncheon event will take place on Wednesday, June 4th.

"Feedback from the first two Women in Utility Fleet gatherings has been overwhelmingly positive," said EUFMC Director Julie Gomez, Tucson Electric Power. "One of the suggestions we received was to include women representatives from suppliers who attend the conference as a way to expand our efforts to advance the role of women in the utility fleet industry."

In 2024, the EUFMC Women in Utility Fleet event was attended by more than 20 fleet professionals. "In 2025, we plan to build on last year's discussions about issues of common interest for the industry's growing number of women professionals," said Lissa Brady, EUFMC Director, San Diego Gas & Electric. "We look forward to welcoming women who work for manufacturers and suppliers to this unique forum."

The 72<sup>nd</sup> annual EUFMC will feature educational and equipment events, special activities and networking opportunities for fleet representatives and manufacturers and suppliers.
