Consolidated Edison Company of New York VP to Highlight Fleet and Transportation Electrification Plans as the EUFMC 2025 Keynote Speaker

Natalia Saldarriaga, Vice President, Facilities and Field Services, Shared Services at Consolidated Edison Company of New York, Inc. will serve as the [EUFMC](#) 2025 Keynote Speaker. Her presentation on the utility's transportation and building electrification initiatives will lead off the conference educational program.

At Consolidated Edison Company of New York, Saldarriaga leads the fleet's electric vehicle charging infrastructure and fleet electrification implementation plan as the company transitions to an all electrified fleet by 2035 while supporting New York State's climate goals to reduce emissions from the transportation sector. She is also responsible for the company's real estate strategy and operation and maintenance of over 40 facilities, including planning and project management, and engineering, environment, health, and safety, and office services. Additionally, she oversees all garages, Automotive Engineering, Fleet Administration, and logistics and emergency support services for Con Edison Company of New York and Orange and Rockland Utilities Inc.

Saldarriaga has held various positions at Con Edison including shift supervisor and project specialist, technical manager, plant manager, and in senior system operation. Most recently, she served as General Manager for Manhattan Electric Construction, Electric Operations where she supervised all maintenance and capital construction activities for the Manhattan electric distribution system.
