EUFMC 2026 Matches Fleet Registration Record

Fleets are registering for [EUFMC 2026](#) at a record pace, now reaching the 177 fleet representative mark set in 2025. Attendees will include professionals from investor-owned utilities, utility contractors, utility cooperatives, municipal operations, and other fleets that operate, manage and maintain utility equipment.

[Driving Safety, Sustainability & Technical Expertise](#), the conference educational program, will feature presentations by fleet executives, manufacturers, and industry experts, and Roundtables where fleet representatives and suppliers find solutions to mutual challenges.

Topics on the 2026 General Session agenda (subject to change) include:

- Keynote: *From the Grid to the Garage: How Industry Disruption Is Reshaping Utility Fleets* by Peter Waldrab, Vice President Safety and Technical Training at LG&E and KU
- Driving Efficiency and Innovation: Leveraging Tools, Resources, and AI for Smarter Processes
- ANSI Update: The latest standards and why staying informed is critical to safety
- Future Proofing the Fleet Garage: Emerging Technologies & Best Practices in Workplace Safety
- Through the Camera Lens: The Future of Fleet Safety
- Workforce Planning in Motion: Navigating Staffing Challenges in Fleet Operations
- Safety: *Philip's Legacy...what legacy are you leaving?*— the Dangers of Distracted, Impaired & Unsafe Driving by Mike Lutzenkirchen, Executive Director, Lutzie 43 Foundation
- Worksite Risk Mitigation & Hazard Awareness: Smarter Job Hazard Reviews with AI Support
- State of the Industry: Trends Driving Changes in OEM Product Lineups
- Driving Spec Modernization Through Fleet–Manufacturer Collaboration
- Strategic Fleet Procurement: Tackling Rising Costs and Future Planning
